

## EMI / EMC TESTING

EMC/EMI testing is a critical part of product development. We provide comprehensive testing services, including pre-compliance and full EMC/EMI testing, to ensure your products meet international standards such as ISO/IEC 17025 and A2LA. Our testing is conducted in a fully accredited laboratory.

### INTERNATIONAL APPROVALS AND CERTIFICATION

Our testing is performed in a fully accredited laboratory, ensuring compliance with international standards. We are certified by UKCA and UKCA2, providing you with the highest quality and reliability for your EMC/EMI testing needs.
